2 year limited warranty

Airflow up to 75 CFM

AirTECH
MULTIVENT
Multipurpose Moisture Control Unit

Car exhaust contains deadly, dangerous and even cancer causing particles that can find their way into your home when the garage door is closed. By installing Multi-Vent, you will greatly reduce the potential for toxic car fumes, like Benzine, from entering your home.

Get the bad air out!

Keep moisture outside!

The unit's energy efficient design allows it to run quietly for just pennies a day. Your Multi-Vent will monitor any increase in humidity and automatically maintain optimum moisture levels.

Easy Installation

All hardware is included.

Cut a 4.5" hole in the outside wall no more than a foot from the floor.

Fasten unit to the wall.

Attach the vent cover to the outside wall.

Plug in any 115 volt outlet.
